

NEVADA DEPARTMENT OF CORRECTIONS

CRIME SCENE PROTECTION / MANAGEMENT

1. Which Department of Corrections Administrative Regulation addresses Crime Scene Protection, Preserving, Gathering and Disposal of Evidence?
 - a. AR 453
 - b. AR 458
 - c. AR 345
 - d. AR 289
2. True/False. The first person that discovers a crime scene or evidence related to a crime, shall take every precaution to assure that all evidence is protected.
3. True/False. Any inmates involved in a serious assault or sexual crime should be supervised in an area isolated from the scene and other inmates.
4. Evidence consisting of blood-soiled clothing or other bodily fluids should be placed in PAPER BAGS EVIDENCE BAGS, to avoid contamination and decomposition.
5. True/False. The first order of business when arriving at a crime scene is to aid the injured.
6. True/False. The lesser number of people that handle the evidence prior to turning over to the evidence room, the more stable the chain of custody.
7. True/ False. Marking or tagging of evidence is not necessary, as long as the bag is properly filled out.
8. True/False. All evidence confiscated from staff members that is in violation of state or federal law, require immediate notification of the local law enforcement agency.
9. Narcotics or substances suspected of being narcotics will be placed in PLASTIC EVIDENCE BAGS.
10. True/False. All evidence bags will be sealed with evidence tape.
